

**Association of Friends of Hunter's Yard
Annual General Meeting - Saturday 17th May 2025**

Resolution:

To accept a revised Constitution

Supporting statement:

The proposal is to accept a revised version of the Association's Constitution.

- This version simplifies and updates the language used, introduces the new membership categories and the ability of the Committee to manage any Corporate membership directly, while maintaining that any changes to benefits and subscriptions in the Ordinary category will continue to be decided at an AGM.
- In addition, it offers the opportunity for the Committee to approve members being present at any meeting in person, or by technology-based means.
- In respect of voting at any meeting, should the Committee so invite Members, it provides that voting can be; in person, by proxy, by post, or by electronic means.
